LIVENZA

LIVENZA

Area Rugs / Color 12 Cobalto

A modern interpretation of the classics.

The two unique patterns utilize the stylized details from hand-loomed tapestries and rugs, textured walls, patina finishes and natural stone and then reinvent those elements into ten contemporary colorways.

Bellissimo Ancora is produced on Visionweave state-of-the art technology, which creates products that resemble woven or hand-tufted carpets with multiple colors in both the cut and loop construction.

Both patterns are well suited for hospitality, healthcare, senior living and multi-unit housing especially because of its Antron® Lumena™ solution dyed type 6,6 nylon construction.
